Braun on racing at Gateway:

“I’m looking forward to Gateway this weekend. We had a solid run there last fall, and I finished ninth in the ARCA race there in 2007. We’ve been third for the past two consecutive races so it would be nice to improve on that and get back in victory lane. We’re going to race our Iowa truck since we put so much time and effort into it last weekend to get it running well. Hopefully it will be just as fast at Gateway so we can continue climbing up in the points. We’re within sight of fourth place now and our goal is to finish in the top five in points. It would be quite a comeback from being 20th after Dover.”

Crew chief Mike Beam on racing at Gateway:

“It has been a hectic week at the shop since we decided after Iowa to take the same truck to Gateway this weekend. It wasn’t great when we started out in practice at Iowa on Friday, but we worked on it all weekend and finally figured it out. Rather than start over in Gateway, we decided to bring the same truck since we have it set up where we want it, and it ran really well. Colin had a good run there last year, so I expect him to do even better this time.”
