Ragan on racing at Las Vegas Motor Speedway:

“We’ve had some success at Vegas in the past and I’m ready to get back out there this year after our engine issue last year. It’s a really fast track and makes for a fast-paced race. Handling is important there and we’ve got a good UPS Ford and Donnie has some good things planned to make our car fast.”

Crew chief Donnie Wingo on racing at Las Vegas Motor Speedway:

“Vegas is always a challenge. It’s a really fast track and has a very rough surface in turns one and two. The tires for this year are a little different, so I’m not sure exactly what it will be like, but getting your car to balance right will be a challenge. Handling entering and exiting the turns will be a focus and I expect a good finish out of our UPS Ford this weekend.”
