Roush Fenway Looks to Hit "Jack" Pot in Vegas

Roush Fenway racing will once again head west to Las Vegas Motor Speedway, a track that has been one of the most successful in the organizations two-plus decade history.

Hitting Early at Vegas

Roush Fenway Racing hit the Vegas jack pot right off the bat, winning the inaugural Spring Cup event at Las Vegas Motor Speedway in 1998. Mark Martin led 82 laps in the victory that served as a sweeping day for Roush Fenway Racing.

Inaugural Sweep

Roush Fenway placed all five of its Cup entries inside the top 10 of that inaugural Las Vegas Cup race in 1998, including three inside the top five, four inside the top six, one in the winners circle and the runner up (6 – 1st, 99 – 2nd, 26 – 4th, 16 – 6th and 97 – 10th).

Continued Success

Roush Fenway Racing won the first three Cup races at LVMS from '98-'00, with Jeff Burton winning back-to-back events in '99 and '00. Roush Fenway also took three of the first nine Nationwide events at LVMS.

Victory Lane at Vegas

In addition to the first three Cup races at LVMS, Roush Fenway again found the winners circle in 2003 and 2004 at the 1.5-mile track with Matt Kenseth. Carl Edwards took the checkered flag at the 2008 event to give Roush Fenway six wins at Las Vegas with four different drivers. Roush Fenway Racing has won exactly half the Sprint Cup events at LVMS.

Back to Back at Vegas

Roush Fenway has won back to back Cup races at LVMS on two separate occasions in '98-00 and '03-04' and once in the Nationwide Series in '99 and '00.

Breaking it Down

Roush Fenway has posted 57 Cup starts at LVMS, finishing inside the top 10 54.4 percent of the time. In fact, Roush Fenway has placed a car inside the top 10 of the event in each of its 12 years on the circuit. Roush Fenway has placed multiple cars inside the top 10 in all but one of the 12 races at LVMS and the organization has put a car inside the top five in 10 of 12 events there.

Nationwide Effort

Roush Fenway racing has won five times in the Nationwide Series at LVMS, most recently in last season's event with Greg Biffle. Roush Fenway Nationwide cars have finished inside the top 10 in an impressive 74.2 percent (23)of their 31 starts in the series and inside the top five almost 50 percent of the time (14).

Across the Board at Vegas

All in all, Roush Fenway Racing has tallied 14 total NASCAR wins, while turning 23,022 laps in NASCAR action at LVMS for 34,533 miles, while leading over 3,500 miles at the track in NASCAR's top three divisions. At the same time the organization has finished inside the top 10 in 57 percent of its 111 NASCAR starts at LVMS.

Did You Know?

Roush Fenway's next win will mark the team's 400th overall win across NASCAR and road course racing.

Quoting Jack...

"Over the years we've had more success at Las Vegas than most places, and it will be fun to go back and see if we can keep it going. We won the first race there and that was a great honor to be able to do that. We look forward to going there, because we've had so much success there, winning with Mark (Martin), (Jeff) Burton, Matt (Kenseth) and Carl (Edwards). We still think that one of our team strengths -after two decades- is our performance at the mile and a half race tracks. It's the second non-restricted race and we like to think we are more in control of what happens on the race track and being able to orchestrate a good outcome based on strategy, the quality of work in the shop and the quality of people behind the program."
