Ragan on racing in the Nationwide Series at Daytona:

"Daytona has always been special to me and this race is extremely important. We got a win our last time out on a superspeedway, so our confidence is very high. Our Discount Tire crew has prepared fast race cars all year and they have put me in position to win multiple races. I am ready to get back to victory lane this weekend at Daytona."

Crew Chief Mike Kelley on racing in the Nationwide Series at Daytona:

"Daytona means a lot to all of us. We spend so much time on our speedway program and coming off the win in Talladega we are going down there with one thing on our minds. The July race is a lot different then the February one, handling is the most important thing we will work on. The driver who can keep it wide open on the bottom of the race track is the one you will have to beat. We are taking the same car from Talladega with the same handling package from Daytona. David has a great record on superspeedways and our Discount tire team has been solid all year. If we can avoid the big wreck things should look well for us this weekend."

- David Ragan has an average starting position of 20.8 and average finishing position of 20.6 at Daytona International Speedway
- Ragan has seven top-10 finishes in Nationwide competition in 2009.
- Ragan has 37 career top-10 finishes in Nationwide competition
